Latin American Cinema Stephen M. Hart 2014-10-15 From El Megano and Black God, White Devil to City of God and Babel, Latin American films have a rich history. In this concise but comprehensive account, Stephen M. Hart traces Latin American cinema from its origins in 1896 to the present day, along the way providing original views of major films and mini-biographies of major film directors. Describing the broad contours of Latin American film and its connections to major historical developments, Hart guides readers through the story of how Hollywood dominance succumbed to the emergence of the Nuevo Cine Latinoamericano and how this movement has led to the "New" New Latin American Cinema of the twenty-first century. He offers a fresh analysis of the effects of major changes in film technology, revealing how paradigm shifts such as the move to digital preceded new cinematographic techniques and visions. He also looks closely at the films themselves, examining how filmmakers express their messages. Finally, he considers the decision by a group of directors to film in English, which enhanced the visibility of Latin American cinema around the world. Featuring 120 illustrations, this clear, cogent guide to the history of this region's cinema will appeal to fans of Central Station and Like Water for Chocolate alike.

Under the Influence of Classic Country Sheree Homer 2019-09-23 ? The music today known as "classic country" originated in the South in the 1920s. Influenced by blues and folk music, instrumentation was typically guitar, fiddle, bass, steel guitar, and later drums, with lyrics and arrangements rooted in tradition. This book covers some of the genre's legendary artists, from its heyday in the 1940s to its decline in the early 1970s. Revivalists keeping the traditions alive in the 21st century are also explored. Drawing on original interviews with artists and their associates, biographical profiles chronicle their lives on the road and in the studio, as well as the stories behind popular songs. Thirty-six performers are profiled, including Ernest Tubb, Ray Price, Loretta Lynn, Bill Anderson, Faron Young, Mickey Gilley, Freddie Hart, Jerry Reed, Charley Pride, David Frizzell, The Cactus Blossoms, The Secret Sisters, and Pokey LaFarge.

The Harder They Fall Budd Schulberg 2013-04-29 He may be a giant but giants have been licked before. Don't forget Goliath. The bigger they are, the harder they fall. Eddie Lewis, former student of Princeton and would-be playwright, never expected to make his living writing lies. But that's precisely what he does to pay his rent: Eddie is a manipulator of headlines, an inventor of hyperbole, all on behalf of his boss Nick Latka and his dealings in the boxing business. Nick's latest project is the massive Toro Molina, discovered in the Argentine and now being primed for the fight - or at least, for a few elaborate performances. For in the world of 1940s boxing, fixing the game is all too easy. Latka and his team of promoters, punch-drunk ex-fighters and professional gamblers play the unwitting Molina for all they can get. As 'the Giant of the Andes' is bled on the ropes by the rapacious criminals of the fighting game, Eddie is forced to examine himself, his principles, and the decline and fall of the 'manly art' of boxing.

From God's Lips to the Devil's Ear Damien M Shindelman 2012-01-05 From God's Lips to the Devil's Ear chronicles the life of a power starved, maniacal madman named Abraham who manipulates his way into a powerful position within the Mormon Church. Using the heaven sent, psychic messages of a young child named Zechariah, Abraham plots to control the Church, and the entire world. Abraham will stop at nothing to attain his all consuming desires, and through Zechariah's holy words, Abraham soon controls what is left of our ravaged planet. In this day of ideological terrorism,

From God's Lips to the Devil's Ear will both beguile your senses, and make you reflect on man's history, and the abuse of power. From God's Lips to the Devil's Ear is a powerful saga that portrays a world gone mad, where mankind's future is held in the manipulating clutches of a raving and insane tyrant.
