Jacob Spon Roland Etienne 1995 Jacob Spon né à Lyon en 1647 est une belle figure de la " crise de la conscience européenne " du Grand Siècle. Médecin, alors que la médecine est encore un discours plutôt qu'une science, il

tire de sa formation un regard aiguë et le sens de l'observation qui lui permettent d'occuper une place de choix parmi les savants qui ont contribué à la naissance de l'archéologie, terme qu'il est le premier à employer et à définir

dans la préface de son ouvrage : Miscellanea erudite antiquitatis (1679). Il révèle les antiquités de sa ville, et écrit la première histoire imprimée de Genève. Bravant la peste et les corsaires, le mauvais temps et les brigands, il

le voyage de 1674 à 1676 et fait découvrir à ses contemporains l'Italie, la côte Dalmate, la Grèce et le Levant, dans une relation qui fut traduite en plusieurs langues, et qui devint le guide des voyageurs instruits jusqu'à l'époque

romantique. Protestant convaincu, il préfère s'exiler plutôt que d'abjurer, et meurt à Vevey, en décembre 1685, deux mois après la révocation de l'Édit de Nantes.

The Allure of Toxic Leaders Jean Lipman-Blumen 2006 Toxic leaders, both political, like Slobodan Milosevic, and corporate, like Enron's Ken Lay, have always been with us, and many books have been written to explain what

makes them tick. Here leadership scholar Jean Lipman-Blumen explains what makes the followers tick, exploring why people will tolerate--and remain loyal to--leaders who are destructive to their organizations, their employees, or

their nations. Why do we knowingly follow, seldom unset, frequently prefer, and sometimes even create toxic leaders? Lipman-Blumen argues that these leaders appeal to our deepest needs, playing on our anxieties and fears, on

our yearnings for security, high self-esteem, and significance, and on our desire for noble enterprises and immortality. She also explores how followers inadvertently keep themselves in line by a set of insidious control myths that

they internalize. For example, the belief that the leader must necessarily be in a position to "know more" than the followers often stiffs their objections. In addition, outside forces--such as economic depressions, political upheavals,

or a crisis in a company--can increase our anxiety and our longing for charismatic leaders. Lipman-Blumen shows how followers can learn critical lessons for the future and survive in the meantime. She discusses how to confront,

reform, undermine, blow the whistle on, or oust a toxic leader. And she suggests how we can diminish our need for strong leaders, identify "reluctant leaders" among competent followers, and even nurture the leader within

ourselves. Toxic leaders charm, manipulate, mistreat, weaken, and ultimately devastate their followers. The Allure of Toxic Leaders tells us how to recognize these leaders before it's too late.

Grounded theory Barney G. Glaser 2010 Der Klassiker über den qualitativen Forschungsansatz der "Grounded Theory", geschrieben von den Entwicklern dieser Methode "Obwohl unser Buch sich in erster Linie an Soziologen

richtet, glauben wir, dass es jedem nutzen kann, der daran interessiert ist, soziale Phänomene zu untersuchen politischer, pädagogischer, wirtschaftlicher, industrieller oder welcher Art auch immer." In der Tat ist "Grounded Theory"

quer durch die wissenschaftlichen Disziplinen zum Standardbegriff der qualitativen Sozialforschung ge - worden. Die inzwischen zum Klassiker avancierte Arbeit von Glaser und Strauss eröffnet eine lehrbare und auch lernbare

Forschungsstrategie. Das Konzept bietet eine Antwort auf das Problem, die oft schmerzlich empfundene Lücke zwischen empirischer Forschung und Theorie zu schließen.

Innovation, Technology, and Market Ecosystems Rajagopal 2019-09-13 This edited book brings together international insights for raising rich discussion on industrial growth in the twenty-first century with a focus on the Industry 4.0

drive in the global marketplace, which is driven by innovations, technology, and digital drives. It delineates multiple impacts on business-to-business, business-to-consumers, the global-local business imperatives, and on the

national economy. The chapters critically analyze the convergence of technology, business practices, public policies, political ideologies, and consumer values for improving business performance in the context of Industry 4.0

developments. This contribution will enrich knowledge on contemporary business strategies towards automation and digitization process in manufacturing, services, and marketing organizations. The discussions across the

chapters contemplate developing new visions and business perspectives to match with the changing priorities of industries in the emerging markets.

College Accounting McGraw-Hill 2001-09 College Accounting continues to offer its trademark short learning segments followed by self-review questions and answers. This book has been thoroughly revised and given a new visual

design. The book also includes more real-world examples than ever, high-interest problems and activities, in-text help, classroom-tested features, and support for a variety of software packages. The new edition continues to be the

most current and thorough text available, and provides solid coverage of accounting concepts and principles.

Economy and Society: Selected Writings Karl Polanyi 2018-07-04 Few figures are more crucial to understanding the upheavals of our contemporary era than Karl Polanyi. In a world riven by social and economic crises, from rising

inequality to the decay of democratic institutions and profound technological disruption, Polanyi's path-breaking account of the dynamics of market capitalism and his defence of society and nature against the dangerous tendencies

of the market capitalist system are more relevant than ever. This book brings together Polanyi's most important articles and essays to give a unique selection of his essential shorter writings, mixing classic texts with significant but

previously little-known pieces. It highlights the coherence and richness of Polanyi's theoretical and political approach, making it indispensable for understanding his overarching intellectual contribution. The volume includes his

interwar writings, which deal with the world economic crisis and the socialist alternative to conservative and fascist developments; his reflection on political theory and the international situation after the war; and his comparative

studies of economic institutions. Polanyi's political writings are complemented and supported by the critique of economic determinism and what he termed 'our obsolete market mentality'. This book is an invaluable companion to

Polanyi's masterpiece, The Great Transformation, and an essential resource for students and scholars of political economy, sociology, history and political philosophy.
